

## Plant sale update:

### Skagit Conservation District –Notice of 2020 Plant Sale Change in Operation

Unfortunately, our plant order pick up date has been changed.

Because Gov. Inslee has signed a statewide proclamation for all Washingtonians to stay at home for the next two weeks, we have postponed our plant sale order pick up.

- Open Plant Sale April 4<sup>th</sup> is cancelled.
- The tentative pick up dates are now Fri. April 24th and Sat. April 25th. (Subject to change)
- All plant sales will be through pre-orders. Pre-ordered plants will be picked up via a drive through system allowing all purchasers and staff to maintain the required social distancing.
- Full payment will be required prior to pick-up. Those who have already partially pre-paid will be contacted to complete full payment.

Do not hesitate to call (360-428-4313) or email [skagitcd@skagitcd.org](mailto:skagitcd@skagitcd.org) if you have any questions.
